## MINISTER KURINO

Explains away some False Impressions on this Side.

## JAPAN IS NOT IN NEED OF MONEY

Men nor Arms—His Visit here has Nothing to do with the War—Japan is Well Equipped as to Army and Navy, and More Men Desiro to Enlist than can be Taken.

SAN FRANCISCO, August 21.—Minister Kurino, of Japan, is keeping a very keen eye on the newspaper dispatches from Seoul. He said last night that he could not believe all of them were correct, for there was an understanding between himself and his government that when there was serious fighting he should be apprised at once. "I have consequently been expecting a cablegram," he said, "but since my arrival I have not received one. Consul China has not received any either."

"In connection with this I want to combat an impression prevailing with some of the American people that I am here to raise a loan, and possibly to get American troops and officers. My coming is in no way in reference to the war. We are in need of no guns, money or men. We have a standing army of 80,000 men with reserves sufficient to make 200,000. All are well trained. Even in Japan we have far more applicants to fight than we require. Our people are anxious to volunteer, but we do not need them. The volunteers would be in the way of the trained troops. Our people, too, are offering money to the government, but we do not need it, and steadily refuse it."

"Since my arrival a number of Japanese and others have offered their services, but I have explained the real condition and endeavored to discourage them. Besides the 200,000 trained men we have forty-seven warships. We are thus well equipped."

"I think the policy of China is to move slowly. But it is a disavowed, dismembered country and even time will avail nothing. The people are not patriotic. It is a tartar dynasty and they do not care if the country does go to pieces. Why, in 1868, when the French and English sought to open Canton, the Chinese would not stand by China. It is the same way all over that country. Li Hung Chang could not hold the Chinese together."

A VERY PRETTY PICTURE  
By Walter Shirlaw, Small Copies of Which Will be Certainly Popular.

WASHINGTON, D. C., August 21.—The secretary of the treasury has approved a design for a new five dollar silver certificate which had been prepared under the direction of Mr. Claude M. Johnson, chief of the bureau of engraving and printing.

The original of the design was painted by Mr. Walter Shirlaw, the well known American artist. The picture itself occupies more than two-thirds of the face area of the note. The central figure is an angel with outspread wings, her feet resting upon the earth and her uplifted right hand holding an electric light. Half reclining at her right is a female figure with a trumpet at her lips, proclaiming the achievements and prowess of the nation. Further to her right is an allegorical figure of a man, representing power, guiding with his left hand three horses abreast, while with his right he grasps from the clouds a thunderbolt which is connected by a ribbon with the light held by the central figure. At the left is an eagle and another female figure with a dove, denoting peace. In the right background is a half-concealed picture of the capital. Persons competent to judge of the excellence of the picture as a work of art, declare it to be of a high order.

THE WEATHER AND CROPS.  
The Rain Did Some Good—Condition of Vegetables, Etc.

PARKERSBURG, W. Va., August 20.—Crop bulletin No. 21, covering the week ending August 20, 1894, has been issued by the West Virginia state weather service.

General Summary.—During the week generally clear to partly cloudy weather existed, with warm days and cool nights and rains on the 15th and 19th. In northern, central and western counties the dry conditions continued up to the 19th, when the worst drought in many years was practically broken by good soaking rains that were fairly general over the entire state. While the rains came too late to materially benefit crops in the drought affected districts, yet some improvement is confidently looked for. Water is now more plentiful and streams have risen somewhat. In counties other than where the drought prevailed crops made fair progress.

Cereals and grasses.—The rain was very opportune for buckwheat, and, where not too far gone, pastures also derived benefit. Beyond a doubt the rain came too late to save or even improve the hill corn, which was in very bad shape; on bottom land, however, it is expected that the rains will prove immensely beneficial to the crop. The foregoing applies more especially to the drought affected districts, as in eastern and southern counties corn has continued in a uniformly fair condition. In Preston and Summers counties the prospect for a good yield of buckwheat is very flattering. Wheat and oats continue to thresh out fairly well; in some counties both crops are standard yield.

Vegetables.—The rains have helped cabbage considerably. Turnips did not do very well during the week. Tomatoes rotting some. In eastern counties gardens are reported in good condition; from northern, western and central counties reports are not so favorable, though some improvement is looked for on account of rains late in week over districts mentioned. Taken as an average, potatoes are yielding fairly well, though many exceptions are noted where the drought was severe. Onions, a fair crop. Beans and cucumbers a little short, reported to be an entire failure in Calhoun county.

Fruit.—Apples dropping, especially winter variety. Grapes poor. Fruit generally revived somewhat by the rain.

Miscellaneous.—Chestnuts promise a large yield. Tobacco made but little progress and is light. Farmers busy plowing stubble and other ground for wheat.

## WHOLESALE PRICES.

Weekly Report of the Local Wholesale Markets in All Lines.

Office of the Intelligencer, WHEELING, Tuesday, August 21.

The feature this week is the drop in wool caused by the passage of the senate tariff bill by the house and the probability it will become a law.

Grain, Flour and Feed.

The grain market is comparatively featureless this week. Not much is being done in this market, but still there has been some of the new arrivals to supply the demand.

Grain.—New wheat 60¢ per bushel; old wheat 55¢. Corn, per bushel, 45¢; ear from store, 50¢. Oats, out of store, western corn, 30¢ per bushel; new grain 35¢.
